POWER STEERING

Premium Features In KINGQUAD Style

Comfort, control, power and convenience - all in the KINGQUAD style. Fuel-injected new 493cm³ powerplant ready with responsive output throughout the rev range along with strong top-end power. A host of premium features.

The KINGQUAD 500AXi 4x4 POWER STEERING. Available with a lightweight, compact and effective electric power steering.

Terra Green (YLG)

(Dummy) Drive-mode system

(Dummy) Full floorboards with drain holes

(Dummy) 12V DC power outlet

- Compact and lightweight electric power steering positioned high on the vehicle to help avoid water and debris, delivers lighter steering in a variety of conditions to help reduce rider fatigue.

- 493cm³ fuel-injected 4-valve powerplant engineered for robust output throughout the rpm range, along with strong top-end power.

- Fuel injection improves throttle response and fuel efficiency, while delivering power consistently and improving starting.

- Efficient and functional fully automatic QuadMatic CVT (Continuously Variable Transmission), using a durable V-belt and centrifugal clutch.

- Advanced engine-braking system helps the transmission control vehicle speed to minimize freewheel during descents.

- Torque-sensing differential with three modes - 2WD, 4WD or differential-locked 4WD - easily selected with a handlebar-mounted button.

- Fully independent suspension system - A-arm front and A-arm/l-beam rear - delivers superior riding comfort and versatile handling performance.

- Shock absorbers at all four corners are adjustable for five different preload settings, providing maximum versatility for different loads.

- Front dual hydraulic disc brakes and rear sealed oil-bathed multi-disc braking system deliver strong and consistent stopping performance.

- 25-inch tires with tread and sidewall character specially designed for the machine, mounted on lightweight and sturdy aluminum rims.

- Gate-style drive mode selector lever lets the rider easily and securely select between low, high, neutral or reverse setting.

- Suzuki's exclusive T-shaped seat, designed for all-day comfort and easier body-weight transition during sporty trail rides.

- Fuel tank positioned below the seat helps keep the machine's weight center low. The tank's ratcheting gas cap is easy to tighten.

- Standard equipment including a tow hitch and a sealed 12V accessory outlet.

- Two storage compartments: one easily accessible aft of the rider, and one with a spin-off top on the right front fender.

- Complete gauge package, including a speedometer, odometer, separate trip meter, gear and differential displays, fuel gauge, clock and more.

Specifications

Engine Type	4-stroke, 1-cylinder, liquid-cooled, SOHC	
Engine Displacement	493 cm ³ (cc)	
Bore x Stroke	87.5 mm x 82.0 mm	
Compression Ratio	10.0 : 1	
Transmission	Automatic, V-belt, 2-speed with reverse	
Overall Length	2,165 mm (85.2 in.)	
Overall Width	1,250 mm (49.2 in.)	
Overall Height	1,285 mm (50.6 in.)	
Wheelbase	1,285 mm (50.6 in.)	
Ground Clearance	260 mm (10.2 in.)	
Seat Height	920 mm (36.2 in.)	
Curb Mass	302 kg (666 lbs.)	
Suspension	Front	Independent, double wishbone, coil spring, oil-damped
	Rear	Independent, double wishbone, coil spring, oil-damped
Brakes	Front	Disc, twin
	Rear	Sealed oil-bathed multi-disc
Tires	Front	AT25x8-12 ^{☆☆} , tubeless
	Rear	AT25x10-12 ^{☆☆} , tubeless
Ignition Type	Electronic ignition (CDI)	
Fuel Tank Capacity	17.5 L (4.6 US gal.)	

Colors

LT-A500XPZ : Red Brushed Metal (YTW)

Specifications, appearance, colors (including body color), equipment, materials and other aspects of the "SUZUKI" products shown in this catalogue are subject to change by Suzuki at any time without notice, and they may vary depending on local conditions or requirements.
