S40

Chromed Chopper In The Custom-Cruiser Class

This gleaming beauty is what custom cruising all about. The SUZUKI BOULEVARD S40's high torque, produced by its powerful engine, is fully utilized by a wide 5-speed transmission and low-maintenance belt drive. A large crankshaft delivers more stable power at low revs to ensure smooth running. Narrow frame, teardrop-shape tank, and lots of chrome complete the custom-cruiser look.
