Totally Cool, Totally Tough

Suzuki's high-wheel SIXteen. A perfect fit wherever you go in everyday life. Hard-wearing, versatile – think cool jeans, smart sneakers. And you get to ride that style to the limits of freedom. One totally cool high-wheel scooter: the Suzuki SIXteen.

Pearl Silk Beige (YVY)

Rear disc brake

Ergonomically-designed floor board edge

Underseat storage compartment

- 124cm³/156cm³ 4-stroke, liquid-cooled, fuel-injected engine gives good start-up performance, has high fuel efficiency and is green-friendly. The engine's quiet design makes it especially suited to urban environments.

- The combined dual-disc brake system allows braking action to feel steady. Gripping the right brake lever acts on the front feel, while gripping the left brake lever applies well-balanced pressure to both wheels to help bring the bike to a smooth stop.

- A low 800mm seat and inward-curved floorboard make rider leg reach at stops easier – especially convenient in the busy stop-and-go city traffic.

- There's plenty of space for the stuff you'll want to bring along with you; a lockable front box comes in handy for carrying gloves and other trinkets, a convenient bag hook is provided below the instrument cluster, and an underseat storage compartment is sized for a small helmet.

- 16-inch tires on cast-aluminum wheels help the SIXteen run smoothly even over cobbled roads.

- The simple but sporty 5-spoke cast-aluminum wheels express a sharp image you've come to expect from a SUZUKI motorcycle.

- Clearly laid out instrumentation includes a multifunction clock and large speedometer and odometer.

- Handy oil change indicator shows accurate oil-change timings, by lighting up after the first 1,000km and then every 4,000km after that.

Specifications

Engine Type	4-stroke, 1-cylinder, liquid-cooled, SOHC	
Engine Displacement	SIXteen 125 / 150	124 / 156 cm ³ (cc)
Bore x Stroke	SIXteen 125 / 150	53.5 mm x 55.2 mm / 60.0 mm x 55.2 mm
Compression Ratio	SIXteen 125 / 150	11.5 : 1 / 11.2 : 1
Transmission	CVT	
Overall Length	2,060 mm (81.1 in.)	
Overall Width	740 mm (29.1 in.)	
Overall Height	1,155 mm (45.5 in.)	
Wheelbase	1,385 mm (54.5 in.)	
Ground Clearance	145 mm (5.7 in.)	
Seat Height	800 mm (31.5 in.)	
Curb Mass	142 kg (315 lbs.)	
Suspension	Front	Telescopic, coil spring, oil damped
	Rear	Swingarm type, coil spring, oil damped
Brakes	Front	Disc
	Rear	Disc
