

4 July, 2017

## **Change in Organisation and Personnel**

Suzuki Motor Corporation has made the following change in organisation, operational responsibilities of Managing Officers, and personnel of general managers and managers as of 1 July, 2017.

### **1. Change in Organisation**

#### **<New establishment of organisation and reorganisation of divisions>**

- Aimed to reinforce cooperation between quality assurance and service of customer-related departments, Customer Quality Assurance and Service is newly established by consolidating Customer Quality Assurance and functions of domestic and overseas automobile services.
- Automobile Powertrain/Electronic & Electrical System Design Division of Automobile Engineering is divided into Automobile Powertrain Division 1 and Automobile Powertrain Division 2.
- Automobile Engineering Analysis Division of Automobile Engineering is organised in Automobile Engineering Quality Design Division.

#### **<Customer Quality Assurance and Service>**

- Automobile Quality Research Department, Motorcycle Quality Research Department, Quality Information Management Department, Service Engineering Department, Domestic Service Department, and Overseas Service Department belong to Customer Quality Assurance and Service.

#### **<Automobile Engineering, Research & Development>**

- Automobile Powertrain System Development Department and Automatic Transmission Development Department belong to Automobile Powertrain Division 1.
- Automobile Engine Design Department, Automobile Transmission Design Department, and Automobile Powertrain Testing Department belong to Automobile Powertrain Division 2.
- Automobile Platform Development Department is newly established in Automobile Body/Platform Division.
- Automobile Performance Engineering Department, Automobile Engineering Quality Design Department, and Benchmarking & Teardown Center belong to Automobile Engineering Quality Design Division.
- Connected Business Project is newly established in Research & Development.

#### **<Motorcycle Operations>**

- Motorcycle Line I and Motorcycle Line II are organised as Motorcycle Line.
- Motorcycle Body/Electric Design Department is divided into Motorcycle Body Design Department and Motorcycle Electric Design Department.

## 2. Change in Operational Responsibilities of Managing Officers

| (New)                                                                                                                                                                                                                                                        | (Name)        | (Previous)                                                                                                                         |
