

## **SUZUKI ANNOUNCEMENT**

Suzuki Motor Corporation is in discussions with Dorna regarding the possibility of ending its participation in MotoGP at the end of 2022.

Unfortunately, the current economical situation and the need to concentrate its effort on the big changes that the Automotive world is facing in these years, are forcing Suzuki to shift costs and human resources to develop new technologies.

We would like to express our deepest gratitude to our Suzuki Ecstar Team, to all those who have supported Suzuki's motorcycle racing activities for many years and to all Suzuki fans who have given us their enthusiastic support.
