## Suzuki to Hold In-game Collaboration Event

### with CAPCOM's "Street Fighter 6"

Suzuki Motor Corporation will hold an in-game collaboration event with "Street Fighter 6", a popular game sold by CAPCOM CO., LTD. (hereinafter, Capcom), from Friday, 13 February to Tuesday, 17 March 2026. During the event, the "GSX-8R Tuned by JURI," a collaboration motorcycle that has been exhibited at game events and shows around the world since last year and received high praise from many visitors, will be showcased in the game.

Suzuki is working to create new user experiences by fusing gaming and mobility. Through this collaboration, we will deliver the appeal of motorcycles and the joy of riding—especially to those who have not had a chance to experience the actual model at exhibitions, or who are not usually familiar with motorcycles—by offering a unique experience in the digital space.

During the event period, the "GSX-8R Tuned by JURI" reproduced in-game will be displayed in the Battle Hub, a game mode where players use their own created avatars to interact and compete online with players around the world. In addition, avatar items and title themed on "GSX-8R Tuned by JURI" will be distributed.

Furthermore, players who possess any of the digital stickers distributed at the venues of Suzuki's previous collaboration exhibits with Capcom will receive an event code that allows early access to the avatar item and special title prior to general distribution.

Going forward, Suzuki will continue to practice our corporate slogan "By Your Side," promoting various initiatives that connect real and digital, and providing experiences suited to each customer's lifestyle.
