Notice Concerning Secondary Offering of Shares

SUZUKI MOTOR CORPORATION (the "Company") hereby announces that a resolution was adopted by the board of directors, pursuant to Article 370 of the Companies Act and Article 26 of the Articles of Incorporation of the Company, dated April 7, 2025 in relation to a secondary offering of shares of its common stock (the "Offering") as described below.

The Company puts the Founding Spirit, Mission Statement, and Philosophy of Conduct ("*Sho-Sho-Kei-Tan-Bi (Smaller, Fewer, Lighter, Shorter, Beauty)*", "*Genba, Genbutsu, Genjitsu (Actual Place, Actual Thing, Actual Situation)*" and "*YARAMAIKA (Entrepreneurial Spirit (Hamamatsu Dialect))*") into practice, and aims for an infrastructure mobility closely connected with people's lives by providing products and services that improve and support their lives based on mobility. In the current mid-term management plan announced on February 20, 2025, under the corporate slogan "By Your Side", the Company will strive to enhance its corporate value through sustainable growth by providing optimal products and services by focusing on the customer and creating solutions that are unique to the Company to grow with the operating countries and regions.

To achieve the vision, the Company recognizes the reinforcement of corporate governance as one of the top priority management issues. The Company will enhance its management quality and competitiveness based on the 83 principles of the Corporate Governance Code. To realize long-term stable management, the Company aims for sustainable growth with all stakeholders on a suitable governance foundation.

Under such circumstances, in light of the recent trend in the Japanese stock market towards the unwinding of cross-shareholdings, the Company has held a series of discussions with certain shareholders. Having now gained the understanding of these shareholders, the Company has decided to implement the Offering to proactively restructure its shareholder composition, while providing an opportunity to sell its common stock smoothly.

Through the implementation of the Offering, the Company expects to provide stakeholders with the opportunity to deepen their understanding of the philosophy, vision and growth strategy. In addition, the Company aims to increase the holding ratio of individual investors and expand the shareholder base that supports the Company from a long-term perspective. In the capital market, the Company also strives for further enhancement of its corporate value by realizing its Founding Spirit of "focusing on the customer," and utilizing the voices of those in the *Genba* (actual places) in both business and management.
